MANAGED CELLARAGE

At Wine Ark, each customer's wine is bar-coded and kept together in a single location within our secure and climate controlled cellars. State-of-the-art systems are used to protect, preserve and manage your collection including regular stock takes and 3rd party audits. For added piece of mind, all of the wine held in Wine Ark's Managed Cellars is automatically insured for its full secondary market replacement value. Wine Ark does not charge handling out fees or extra for insurance as others do.

STORAGE & INSURANCE FEES

STORAGE FEES (including insurance)

Wine Ark's managed cellarage rates vary according to collection size and membership status. For safety reasons, a limit of 12 x 750ml or 6 x 1500ml bottles per case applies. Rates quoted on a per, month per case basis, charged in advance.

*CELLARCLUB MEMBERSHIP PROGRAM

Wine Ark's CELLARCLUB is a specialised buyers group for collectors of fine wine. Unlike traditional wine clubs that focus on mixed cases of mass produced wines, the CELLARCLUB only offers those few wines with real potential to age well.

There are financial benefits to membership too. Leveraging off the buying power of thousands of members and strong contacts within the wine industry, members enjoy:

- > a broad range of discounts and savings (including storage)
- > priority access to rare and difficult to obtain wines
- > invitations to world class tastings and dinners
- > a complimentary membership to Jeremy Oliver online.

For most people the membership cost is quickly recovered in the savings they make on buying and storing wine.
